St Boniface Vets

Price List

All services and medication are payable on the day, unless you have provided us with a claim form and an up to date insurance schedule or have a pre-arranged agreed account facility (Farm Business Owners).

Estimates are valid for one month, and are not a fixed quotation. Estimates can change depending on the patients response to treatment, our clinical findings during the examination appointment or surgery, or if complications occur.
We will always do our best to communicate any additional charges with you.
